IN THE CLAIMS

Please amend the claims, without prejudice, as follows:

see back sheet

1. (AMENDED) A non-aggregating, non-immunogenic anuclear cellular
composition [comprising] consisting of:

*new
10/1/01*

a) a mammalian anuclear cell having a cell surface and antigenic
determinants on said surface;

a sufficient amount of hydrophilic, biocompatible, non-immunogenicity
providing compound or polymer covalently attached to said surface so that
recognition of said antigenic determinants on said surface is blocked by
said covalently bonded hydrophilic, biocompatible, non-immunogenicity
providing compound or polymer.
